### 6. How many...?

<b>Prior Knowledge:</b> It is helpful if children already know how to play party games such as 'Pass the Parcel' and 'Stations'			
<p><b><u>Objectives</u></b></p> <p>Listen attentively to simple spoken language and show understanding by joining in and responding.</p> <p>Read carefully and demonstrate understanding of words.</p>	<p><b><u>Support</u></b></p> <p>Be aware that some children may need time and/or support to fully understand the concept of the games.</p> <p>Ensure key language is displayed for children to use if needed (e.g. on a display board or on a table mat)</p> <p><b><u>Extension</u></b></p> <p>Invite confident children to call out the numbers for Musical Numbers and Stations.</p>	<p><b><u>Main</u></b></p> <p>Show a video clip of birthday celebrations in a German-speaking country.</p> <p><b><u>ICT Opportunities:</u></b> Use a digital content provider to access information and video clips about birthday parties. Use the internet to research birthday games played in other countries.</p> <p>Revise and practise responses to the question <i>Wann hast du Geburtstag?</i> with pupils giving the month of their birthday. Display the template for the party invitation from the last session with today's date. Explain to the children that they are going to play some party games in German and for the first game revise numbers 10 – 20. Play 'Musical Numbers'. Play some music and when it stops, call out a number, e.g. <i>zwölf</i>. Children have to find a partner and make the number with their body.</p> <p>Revise numbers 20 – 31. Play the game 'Stations', by placing the number cards 20 - 31 around the room. Read them out to the children as you stick them on the walls. Play the music. When it stops, children choose one of the cards to stand next to. Using a second, smaller set of cards, ask a child to choose one and read it out. All children standing next to that number card are out. Remove the number from the wall.</p> <p>Standing in a circle, ask children to pass an object around the circle as you play some music. When the music stops, everybody asks the question <i>Wann hast du Geburtstag?</i> and the child holding the object answers by giving the month. The game can be extended by asking the child with the object to throw it to someone else and ask <i>Wann hast du Geburtstag?</i> The other child answers and the game then continues.</p> <p>Play 'Pass the Parcel'. Put small cards of number words 12 to 20 in a bag and play some music. Children (sitting in a circle) pass the bag around and when the music stops, the child with the bag pulls out a card, reads it out and chooses another to give the number in English. Once the card has been read, it is left out of the bag.</p> <p>Finish the session by singing <i>Zum Geburtstag viel Glück</i>.</p>
