1. Expressing preferences

Prior Knowledge: It is helpful if children already know how to express likes and dislikes.

Objectives

Listen attentively to simple spoken language and show understanding by joining in and responding.

Engage in conversations; **ask and answer questions**; express opinions and respond to those of others; seek clarification and help

Speak in sentences, using familiar vocabulary, phrases and basic language structures.

Support

Children could have picture cards of toys and say *ich möchte*, then hold up the appropriate card. Some children may need picture clues to support them with Kim's game.

Extension

Children make up their own adverts in groups.

Children create role plays by using the question *Was kostet ?* *das* and answering with *Das kostet ... Euro*.

Main

On the board, draw a large television screen with on/off buttons. Ask a child to 'turn on' the television by pressing the button. Act out an advert for one of the toys from previous sessions. For example, hold up a series of items, saying *Ich mag das gar nicht! Das ist doof!* (that is stupid) and looking disappointed. Then hold up a football and say *Ich mag das sehr! Das ist toll!* Then sing the *Das ist ganz toll!* song. Alternatively, you could play a video recording of yourself acting out the advert.

Practise saying *Das ist toll!* and show the phrase on the board. Explain that in the *Das ist ganz toll!* song, the *ganz* emphasises the *toll* so it means 'really great' (see Teaching Tips).

Play a drama game. Show phrases for opinions by holding an object and saying e.g., *Das ist toll!* Children echo and practise saying these phrases. Hold 'auditions' to find children who can express their opinions with feeling.

Set up a 'shop' either on the board or a table, with toys, either real or pictures, and prices in euros. Model vocabulary by asking a confident child to be the shop keeper. Greet the child with *Guten Tag!* then pretend to choose an item saying, *Ich möchte ... eine Puppe, bitte.* (I would like... a doll). The shop keeper hands you the correct item. Children listen and repeat each time. Remind the children they have used this expression before in unit 6.

How could we continue the conversation? Give children thinking time in pairs then ask if they can remember *Bitte / danke / auf Wiedersehen / Was möchten Sie?* Model a short dialogue with a confident child then let the children practise in pairs.

Display the phrase *Ich möchte* on the board. Practise the ö sound. Invite the class to chant *Ich möchte* and on each repetition, rub out a letter in *Ich möchte*. Repeat. Play Hangman (*Galgenraten*) to see if children can spell the phrase correctly.

Play Kim's Game by giving children one minute to look at a range of toys or pictures displayed. (Use singular items of vocabulary rather than plurals at this stage, eg *eine Puppe* (a doll) etc.) Cover the objects and ask children to say what they remember, saying *Ich möchte...* + the toy. Hand the items to some children and get them back by saying *Ich möchte...* + the toy.

ICT Opportunities: Create a screen on the interactive whiteboard with pictures of toys and cover them with coloured masks. These may be removed gradually to reveal the objects. Alternatively hide the objects with a blind and reveal them.

Play a variation of 'Grandmother Went to Market'. The first child says, for example, *Ich möchte ein Stofftier* (I'd like a cuddly toy). The second says *Ich möchte ein Stofftier und einen Fußball* (I'd like a cuddly toy and a football) and so on (see Grammar for Teachers)

ICT Opportunities: Use animation in multimedia presentation software to show toys going past on conveyor belt. You
