5. At the market

Prior Knowledge: It is helpful if the children can recall some vegetable words.

<p>Objectives</p> <p>Speak in sentences, using familiar vocabulary, phrases and basic language structures.</p> <p>Develop accurate pronunciation and intonation so that others understand using familiar words and phrases.</p>	<p>Support</p> <p>Some children can be supported by having a picture clue on the back of their word card.</p> <p>For the human chain activity, children can be supported by moving around with another pupil. Select word cards which are easier to read / pronounce (e.g. <i>Karotte</i> / <i>Tomate</i>)</p> <p>Extension</p> <p>The game can be repeated in groups, where children have to remember the order in which vegetable cards are placed in the basket.</p> <p>This game can be varied by adding in other known vocabulary from previous units.</p> <p>Children can take on the role of a market stallholder and practise a simple shopping role-play with a partner.</p>	<p>Main</p> <p>Revise the vegetables covered earlier in this unit.</p> <p>In English, talk about Jack's visit to the market. Ask children to think about what is available to buy in a market, e.g. could you really buy a cow? Talk about markets in other countries and show photos/DVD clips of markets in Germany or German-speaking countries.</p> <p><u>ICT Opportunities:</u> Clips are available also from digital content providers or the internet. Import photos from an internet photo sharing site into a multimedia presentation. Incorporate some German music and play as a running presentation during a five minute language session.</p> <p>Each child (or pair) is given a word card for one of the vegetables. Give an instruction to each vegetable e.g. <i>Karotten, steht auf</i> and children holding the carrot pictures stand up.</p> <p>Start a new activity using the same word cards. Children are given a word card and must whisper this word repeatedly as they move slowly around the room, trying to find anyone else with the same vegetable card. Once they have found the same vegetable, they form a human chain.</p> <p>Say the phrase <i>Ich möchte</i> and ask children to listen and repeat. Write the phrase on the board and remind them of the ö sound and ask them to identify the sound in <i>ich möchte</i>.</p> <p>Children (each with a vegetable word and/or picture card) sit in a circle and chant the following rhyme - <i>Ich gehe zum Markt und ich kaufe...</i> (I go to market and I buy ...) At the same time, a basket or bag is passed round. When the rhyme stops the child names the vegetable on their word card and places it in the basket. The rest of the class chorus <i>Was möchten Sie?</i> (What would you like?) as the word card is put in the basket. The game continues until all children have placed their cards in the basket.</p> <p>Pupils could then organise words into dictionary order.</p>

<u>Teaching Tips</u> <ul style="list-style-type: none">• Explain that it is polite in German to address adults that you don't know, i.e. someone who serves you, as <i>Sie</i>.• Add an action to <i>bitte</i> e.g. clasping hands together and begging! as this may help some children remember the new vocabulary.• For the final extension activity, use hand-held devices to video children's performances and use as evidence of achievement, possibly in conjunction with an electronic version of the Junior European Language Portfolio.• For the activity <i>Ich gehe zum Markt und ich kaufe...</i> it is easiest to use only plural nouns (<i>Bohnen, Tomaten usw.</i>). These require no article. <i>Kopfsalat</i>, a singular masculine noun, would require ... <i>ich kaufe einen Kopfsalat</i>. This is a difficult grammatical point which is best avoided at this stage.
